PROVINCIAL ELECTION TO BE HELD THURSDAY, AUG. 22
NOMINATION DAY, AUG. 12

Returning Officers to be Appointed

Returning officers for the 52 constituencies will be named in the near future. With 300,000 names on the voters' lists, enumeration will employ about 2,000 persons and at seven cents per name will cost about \$21,000.

At its dissolution on July 11, the standing of the legislature was as follows:

U. F. A. 28, Liberals 13, Conservatives 5, Independents 4, Labor 3, Vacant 1.

The vacancy is explained by the fact that no by-election was held following the death of Ald. C. L. Gibbs, Labor member for Edmonton.

It is expected that 200 candidates will take part in the election, and one of the most exciting campaigns in Canadian history is anticipated.

Liberals have men in the field for each constituency. The United Farmers have nominated 41 candidates and Conservatives 28, with 12 more to be chosen. William Abernethy, Social Credit leader, has declared his party will have candidates in every riding. Labor expected to nominate 12 candidates.

Social Credit this year constitutes the unknown factor in the provincial vote and some have said that its position may be similar to that held by the U. F. A. just before the election of 1921.

Flushed with the party's successes in other provinces the Liberals led by W. R. Hewson, K. C. feel confident that Alberta will join the other provinces that have swung over to the Liberal column.

With candidates in many constituencies, the Conservatives led by D. M. Duggan, are confident of scoring a triumph at the polls. This party has been proceeding with a general organization plan and will hold further conventions.

Premier R. G. Reid, who became the head of the administration a year ago, goes to the people for the first time. He is expected to carry on a vigorous campaign while also utilizing the radio, as will the other parties. All of the cabinet ministers with the exception of Hon. Mrs. Irene Paibler, minister without portfolio, will seek re-election. Ex-premier Brownlie will also be in the forefront of the battle for the return of the farmer government, having been billed to speak at meetings in all parts of the province.

THE Winnipeg Grain Exchange ... and the Farmers.

Measures to Promote Adequate Payments to Grain Producers
Consistently Supported and Advocated by the
Grain Trade

—O—

The opposition of the Winnipeg Grain Exchange and of prominent grain traders to the Canadian Grain Board Bill, in the form in which it was originally introduced in parliament and sent to a Special Committee, has been made the pretext for representing the Grain Trade as being antagonistic to the interests of the producers.

The provisions in the original Bill for compulsory marketing of grain by a Canadian grain board, combined with the system of initial payments and participant certificates (that is, for a compulsory grain pool) and for the virtual confiscation of the property and machinery of the grain trade to the use of the Board, were opposed by the representatives of the Winnipeg Grain Exchange and the trade. But the President of the Exchange and all other members of the Grain Trade who gave evidence before the Special Committee specifically advocated measures to secure reasonable payments to producers, whatever might be the result of international grain prices. It should be emphasized that the Grain Trade representatives were the first witnesses to appear before the Committee.

In his evidence before the Committee on June 20th, Roy W. Milner, president of the Winnipeg Grain Exchange, in an official statement, said:

"As the agents of the producers in the storing, transportation and merchandising of their grain the interest of grain traders, indeed the very existence, depends upon the maintenance of the farmers in as sound and prosperous a condition as can be attained.

"The members of the Exchange are vitally concerned to secure for grain growers the largest possible return for their crops, to develop and maintain the widest and most remunerative markets for their grain and grain products, to keep the costs of handling and marketing within the most reasonable limits and to assist by the provision of the most efficient and economical machinery for these purposes in ensuring the competition offered by other grain business countries."

"The Winnipeg Grain Exchange realizes the gravity of the present situation but feels that the sounder a policy is adopted of selling our grain crop in the open market at prices that will find purchasers in the markets of the world in competition with the grain of other countries the sooner will the present difficulties disappear. In the meantime it may be necessary to subsidize the producers either by some system of price support or by other means in that the Winnipeg Grain Exchange will continue to cooperate with the Government."

In the course of examination by the Chairman and members of the Committee, Mr. Milner expressed himself as being in favor of subsidizing the producers if wheat prices declined and of establishing a minimum price to be paid to growers.

James A. Richardson, president of James Richardson & Sons, Limited, said in his evidence:

"If our Government wants to give the farmers financial assistance under existing conditions and I would certainly like to see them do it, then there are several ways in which this can be done. I consider it to be possible to assure our producer a guaranteed fixed price, but still to permit an open market, so that if our market declined below the fixed price the farmer would get a certificate from the elevator company entitling him to collect the difference between the fixed price and what his wheat actually realized. The farmer might, on the other hand, if thought advisable, be paid a direct subsidy. It is a government problem as to how this matter may best be met, but it must be accepted as a fact, that the foreign buyer will continue to buy wherever he can buy the most with his money, and that he will take full advantage of depreciated currencies in certain parts of the world, and it is quite futile to try and induce him to subsidize citizens of other countries."

"I would rather like to see the farmer assured of a fixed minimum price, that would give him some protection against depreciated currencies of the southern hemisphere, and a board with authority to stabilizing influence the market if they thought it were necessary, and to feed out our surplus wheat as and when the market would take it, and to try to allow the trade the largest possible freedom, and to act as a stabilizing factor, as an insurance and safety factor; to operate largely in that way would depend, of course, a good deal on good judgment being employed."

The evidence of Sidney T. Smith, president, Reliance Grain Co., Limited, was as follows:

"It would, in my opinion, be a good idea to establish a fixed minimum price and if wheat reached that figure and there were no other buyers the government agency should take the wheat offered, but would continue to sell wheat at international prices and if the international price were higher than the minimum price the Board would, of course, not require to make purchases. I do not suggest that this Board attempt to dispose of the accumulation of the past five or six years by dumping it on the market and thereby risk a chaotic break in prices, but I suggest that there be a stabilization policy through the open market and that this surplus wheat be fed into the market from time to time as conditions may permit."

Robert McKee, General Manager, Canada Grain Export Company, Limited, representing the Vancouver Grain Exchange, said:

"We recognize further that until private traders shall have been encouraged to resume active trading in wheat in forward positions as was done prior to the government's participation in the market, some market support from time to time may be necessary to handle smoothly the large crop without unreasonable price declines."

Every representative of the Grain Trade urged the giving of assistance to wheat producers if the international price level were disadvantageous to them. They were unanimous in expressing approval, if the Special Committee and Parliament saw fit to adopt them, of the proposals ultimately embodied in the Canadian Grain Board Act for the payment of a minimum price to farmers, the continuance in operation of the existing grain marketing machinery and the gradual liquidation of the Canadian wheat surplus. These proposals were accepted by Parliament largely on recommendation of the Grain Trade, the compulsory features originally proposed being withheld from operation until made effective by proclamation.

No attempt to represent the Winnipeg Grain Exchange and its members as antagonistic to the producers' interest can be successful in face of the adoption by Parliament of these measures and of the evidence given by the representatives of the Exchange and the Grain Trade, as quoted above from the official record.

THE WINNIPEG GRAIN EXCHANGE

THE GRAIN EXCHANGE AND THE WHEAT BILL

In this issue, the Standard publishes a fair and frank statement of the attitude taken by various parties. Just changes with reference to the Wheat Bill as first framed by the Bennett Government.

This Bill was largely revised following the discussions of the combined Committee requested by MacKenzie King to which discussions the Exchange representatives in the strongest proof of the unfairness of the Bill as first drafted.

The suggestion made by Joe H. Kitchener and others, that Canada should sell her wheat, at fair market price and the Government subsidize the producer to the extent of the difference between the subsidized price and the market price is sound and practical reasoning.

That the foreign buyer can be induced to buy from sentiment rather than in the best market is a condition scarcely to be expected.

STRATHMORES GARDENS

Strathmore's Gardens are a joy to the beholder. A walk around our town's evening, will reveal some very attractive lawns and gardens, both vegetable and floral, which will rejoice the heart. Strathmore can boast some particularly beautiful gardens, with an originality in formation, and a wealth of color and variety of flower and plant, which is not equaled in many small towns.

This reflects the artistic idealism of the owner. We know something of the long hours of labor entailed, but it is healthy work and joyful employment, and in the result, brings its satisfying reward. The Standard would like herein to express our warmest gratitude to our several donors for very beautiful bouquets. Their exquisite colors and delicious fragrance proved a great joy.

Mr. Whiteside's garden furnishes some very varied and unusual colors of columbine, which are most graceful and lovely. In Mr. Schulte's garden, in the protecting shelter of a well trimmed caragana hedge grow and bloom, a row of peonies which is surely a thing of beauty. There are about forty different varieties of varying hue and shape, one plant having at one time 120 blooms. Mrs. Schulte has distributed among friends about 900 blooms this year, and thereby distributed joy. Mr. Hyde's lawn presents an attractive lay out and an artistic combination of color, which catches the eye of the passing motorist, who stops to gaze. So also does the pretty setting in which Mrs. De Witts home nestles. Further comment in a later issue.

—O—

STRATHMORE'S SWIMMING POOL

August 8, 1934 the Swimming Pool was officially dedicated and opened to the use of the youth of varying ages of our town.

Through the vision and untiring energy of Mr. J. A. Trench, clearly as stated by the then Mayor, A. D. Shrimpton and others, this project was carried through to a successful completion. How beneficial, judge you, any hour of any day, by a visit to the pool, which you will find crowded with children, swimming and bathing in safety health giving water. Contrast this condition with that of bathing in the lake of a year ago, and some extent of the gratitude the citizens owe the promoters will be or should be acknowledged.

SHOWER FOR BRIDE-LECT

Miss Marjorie Lawson of Lytla entertained delightfully Monday at her home at a miscellaneous shower in honor of Miss Jean Wonnacott, a bride elect of July.

Tea was served on the attractive lawn in the shade of the beautiful trees, surrounding the house of the hostess.

Mrs. Lawson presided at the tea with a pretty appointed table, having as its centre piece a silver basket containing beautiful pink peonies. Miss Ainslie Campbell of Calgary, Miss Dorothy Sugden, Ellen Bar, and Theresa Vidal assisted in serving the guests.

The honor guest was the recipient of some very lovely gifts, presented in a basket daintily trimmed in pink and white.

The invited guests were Mesdames J. Christie Calgary, Mrs. Wonnacott, DeWinton, H. T. Lawson, C. Bar, J. Montague, W. Allan, F. Stoen, C. Correll, H. Mier, F. Cran, A. Novak, P. McKenzie, A. Stickney, W. E. Keer, C. DeNeve, G. Shock, D. Keer, J. De. Kott, and Mesdames Mrs. Christie, Miss Campbell, Calgary, Helen, and Ellen Novak, Dorothy Sugden, Theresa Vidal, Nancy Allan, Ellen Bar, Marie Stickney, Dorothy Katie Gorman, Florence McKenzie and Anna De Neve.
